Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction, for the above-identified patent under the provision of Rule 1.322 or R 1.323.

Respecting the alleged error, the request for changing the dependency of claim 6 is not acceptable. This is not an error on the Office's part, but, rather an attempt to alter the scope of the claim, i.e., claim 6 currently requires only the specifics of claims 1 and 4 as opposed to the proposed change in which claim 6 would also include the limitations of claim 5. Therefore, no correction(s) is in order here under United States Codes (U.S.C.) 254 or 255 the Code of Federal Regulation (C.F.R.) R 1.322 or R 1.323.

In view of the foregoing, your request in this matter is hereby denied.

A certificate of correction will be issued to correct the remaining error noted in your request.

Further correspondence concerning this matter should be filed and directed to Decisions and Certificates of Correction Branch. Any response must be filed within a four week period.
